

## **R.I.P. HARPAJAN SINGH 59-60: 21-9-2017**

This morning around 10.15 am, Surjit Singh from Seremban rang me to convey the sad news of Harpajan Singh's demise. Later in the evening Shanmuganathan from PD also called me regarding Harpajan's passing.

Harpajan was from the eighth batch of Kirkbyite. He was from Block 11 and was staying opposite Shan's room.

After college, I never met Harpajan and sadly he was not in our orbit. His address and contact were not known and as a result there was no communication with him.

Perhaps this was the reason why there was no correspondence to him regarding our biennial Kirkby Reunions. That may explain why he never attended any of these Reunions.

I rang up Harpajan's home at 9.15 pm and spoke to his sister who was kind enough to provide me with Harpajan's address. According to her Harpajan was not sick.

Later I managed to speak to Harpajan's son Sarabjit Singh. According to the son, Harpajan celebrated his 80<sup>th</sup> birthday in July. Sarabjit explained that it was Harpajan's wish not to become a burden to anyone at his old age and that he wanted to leave without causing any problem to his family. And he went just like that – peacefully!
